

ATM Card

Use your ATM Card to...

- Withdraw cash
- Make deposits
- Make loan payments

- Check balances
- Transfer funds
- Make purchases

It's Easy!

All you need is your Personal Identification Number (PIN) and your ATM card. All machines give you step-by-step instructions to help guide you through each transaction.

It's Safe!

Your credit union accounts are kept safe through the use of a PIN known only by you.

It's Convenient!

With 24-hour ATM access, you can transact business when it's convenient for you at CO-OP Network ATMs nationwide.

Debit Card

A Debit Card is an "enhanced" ATM Card because it has all the same features, but you can also use a Debit Card to purchase goods and services from merchants.

Use your Debit Card at the...

- Gas Station
- Grocery Store
- Restaurant
- Shopping Mall

It's Easy!

When you pay for purchases, the merchant will run your card through a card reader. Then you'll enter your Personal Identification Number (PIN) or sign your name. You'll get a receipt at the time of purchase, and the total amount of the transaction will be automatically deducted from your checking account. Some merchants may also let you get additional cash back!

It's Safe!

Your Debit Card is safer to carry around than cash or checks, and the transactions appear on your monthly checking statement to record everything you buy.

ATM CARD OR DEBIT CARD REFERRAL FORM

Instructions

Complete this referral form and return it to any employee or mail it to your credit union. If you already have a card, but need your Personal Identification Number (PIN), please provide the required information and check the appropriate box below. Completing this form does not mean that your credit union will approve you for an ATM/Debit Card. **This is a request for more information.**
