Register this PC

You should only register PC's that you use regularly.
Kiosks or other public access terminals should **not** be registered.

- **Please choose your security questions**, these will be used in the case that you are unable to login to your online banking account.
- You can “register your PC”, meaning that you will not be asked security questions every time that you use online banking on your personal or frequent computer.
- Once you enter all your information, make sure that you do not share your answers, since hackers can easily use that information to figure out your passwords.

When you are done entering all your information, Click “Continue”.

Step 11: Final Step

Once successfully logged in to the system, you will see the site disclosures.
